FUND OBJECTIVE	To protect the capital of investors in an absolute sense, whilst providing income in excess of short-term bank deposit rates. Investors' capital remains highly liquid.	The Fund's objective is to maximise income while providing investors with relative capital stability. This is achieved by investing in a diversified portfolio of non-equity securities in the South African market.	To maximise income while securing steady capital growth. This is achieved by investing in a diversified portfolio of high-yield bonds in the South African market.	To maximise total returns in excess of the benchmark over a rolling 36-month period, while seeking to protect capital and reduce volatility through active asset management.	The primary objective is to outperform CPI by 5% (before fees) over a rolling 3-year period. The secondary objective is to reduce the risk of capital loss over any rolling 12-month period.	To achieve steady long-term growth of capital and income by investing in a diversified combination of domestic and international assets, where the asset allocation is tactically managed.	To provide a total return equal to or better than the benchmark (after fees) while providing long-term capital growth.	To maximise long-term growth from investing in South African listed property markets.	To provide broad-based exposure to shares that offer value and medium- to long-term growth. There will be a bias towards companies offering high but sustainable dividend yields.	To provide broad-based exposure to shares that offer value and medium- to long-term growth.	The Fund's objective is to generate investment returns through exposure to global bonds and interest-bearing instruments over the medium term.	The Fund's objective, expressed in US dollar terms, is to outperform global inflation while preserving capital over the medium term.	The Fund's objective is to provide investors with capital growth over the long-term by investing in a diversified portfolio of global assets.
